Be the voice of a foster child.

Volunteer with Voices for Children.

With the support of a CASA volunteer, a foster child is more likely to succeed, receive vital services, and find a safe, permanent home. CASAs work one-on-one with a child or group of siblings. They get to know the children, gather important information from reports and professionals, and advocate for the children's best interests related to their education, health, living arrangements, and general well-being. No experience is necessary. We provide all the training you'll need, plus a dedicated staff supervisor to provide resources and support.

"It's incredibly rewarding to be a part of a system that strives to right a wrong and help a child heal."

– CASA TIM
